Cultural, religious and historic sites tours are an ideal way of uncovering  
This quote from Nick demonstrates how he envisions class distinctions geographically - drawing a literal and figurative contrast between the two sides of the lake and economic status. But Amory was beyond that now; he turned off the street and darted into an alley, narrow and dark and smelling of old rottenness. New York: Columbia University Press. Key to this approach is the underlying notion that complex timber-derived structures can be built up from simple and small parts of softwood.
